WHAT I AM LOOKING FOR

I am looking for a Back Office / Office Assistant role where I can use my practical computer knowledge, Advanced Excel skills (including ledger maintenance and data categorization), and data management abilities to handle daily office work, documents, and reports efficiently.

WHAT I KNOW

- Computer Operations: High proficiency in daily computer work, fast data entry, and email handling.
- Office Tools: Advanced Excel (creating data entry ledgers, data categorization, formulas) and MS Word.
- Office Tasks: Document handling, maintaining accurate records, assisting with vendor management and bank-related activities.
- Technical Knowledge: Quick learner for any new office software or CRM systems, backed by a strong foundation in computer basics.

LANGUAGES I KNOW

English (Good) | Tamil (Good)

WHAT I HAVE COMPLETED

B.Tech in Artificial Intelligence & Data Science | Aalim Muhammed Salegh College of Engineering | 2022 – 2026

Specialization in Computer Applications & Web Development | NxtWave CCBP | 2023 – Present

- Gained strong computer fundamentals and hands-on experience in modern website development.

WHAT I HAVE DONE

Company Data Management & Projects:

- Practical Company Work: Handled actual data entry by maintaining ledgers in Excel and accurately categorizing company data.
- Data Organization: Managed large amounts of information to create reports and organized digital documents securely.
- Email & Tracking: Set up automated email responses and tracked online activities, showing strong computer handling skills.

MY WORK EXPERIENCE

. I have done **data entry work** for a company ledger. My work included:

- Entering daily sales and purchase records in Excel
- Keeping ledger updated and mistake-free
- Organizing documents and invoices
